Subject: River Commissioner Access to Reclamation Facilities - Strawberry Collection System - Bonneville Unit - Central Utah Project (Access Permit)

Dear Bob:

Enclosed are four keys (Nos. 2237, 2669, 60R70, and SAM) which will allow access to all of the facilities along the Strawberry Aqueduct.

Access is hereby granted to the River Commissioner for the purpose of reading gages showing releases, reservoir elevations, and diversions.

Access is granted subject to strict adherence to the following conditions:

1. Project facilities will not be operated by anyone other than Central Utah Water Conservancy District or Reclamation personnel.
2. Keys will not be duplicated or loaned to others.
3. Project facilities will be properly locked or otherwise secured upon termination of visit.
4. The Central Utah Water Conservancy District will be kept informed of River Commissioner's activities and will be notified in the event of any emergency or unusual condition observed at the site.

It is hereby understood that the State of Utah accepts all responsibility for damages resulting from employee negligence or misuse of the rights granted herein. It is further agreed that access, as allowed herein, may be terminated at the option of Reclamation at which time the keys shall be returned.

Please sign all three copies of this letter acknowledging agreement with the terms stated above and return them to us. After obtaining the approval signature from the Central Utah Water Conservancy District, a copy will be furnished for your records.

Sincerely,

  
P. Kirt Carpenter  
Projects Manager
